

This instruction booklet walks you through completing your Parents' Financial Statement (PFS) as part of your application for financial aid for the 2018-19 academic year.

Apply online at <https://sssbynais.force.com/familyportal>

Step 1: Prepare to Apply

Find out from each school its application deadlines and requirements. Then gather any materials you will need to reference as you answer the questions in the PFS.

Step 2: Complete Your PFS Online

From your PFS Online Dashboard, choose to begin a new PFS for the academic year for which you are applying. As you work, you can stop and save your work at any time then log in again using your email address and PFS Online password.

Step 3: Pay for and Submit Your PFS

Once you have completed all the fields of the PFS, on the Pay and Submit screen you will choose your method of secure payment (\$49.00). Once you submit your PFS, your information is sent immediately to schools. It cannot be withdrawn from the PFS system and your money cannot be refunded.

Step 4: Manage Documents

Once you have completed paying for your PFS, the system will activate a "My Documents" tab where you can see the documents your schools are requiring. You'll then need to upload them before their requested deadline date.

***Call (800) 344-8328 or email sss@nais.org with questions.

STEP ONE: PREPARE TO APPLY

Know your school deadlines

Find out what is required, and by when for each school you're applying to. Use this list to keep track of those dates. Some schools list these dates on their own websites, but they're also available on the Dashboard page of the Family Portal.

School Name	SSS Code	Deadline to submit the PFS	Deadline to submit additional required documents

Mail or Upload Documents: You have the option to either upload required documents or mail them to SSS. Please note, uploading your documents is in your best interest—your documents will be marked as received much quicker if you upload them. It's important to note, however, a distinction between uploading your documents and fulfilling your requirements. SSS is required to review the documents, verify their authenticity, and label them for our use. This process typically takes up to 3 business days after mailed receipt or upload date.

Gather information

Types of Questions You'll Answer in the PFS	Information to have handy to answer these questions
<p>Questions about your family's income ("what you earn and receive") You will answer questions about income that is taxed and income that is not taxed. Ownership of a business or farm is another potential source of taxable income. Questions about "non-taxable" income cover child support, social security benefits, etc. If you do not have your current tax documentation complete, please do your best to estimate. You can always use your previous year's tax documentation assuming there has not been a great change.</p>	<ul style="list-style-type: none"> • W-2 and/or 1099 form(s) • IRS Form(s)1040 or 1040A • Social Security statements (SSA-1099 forms) • A sum of the child support you actually received

Technical Considerations

- **Your Internet Browser:** Please note that the use of Google Chrome is recommended when working in the Parents' Financial Statement Online. Internet Explorer 10, Mozilla Firefox, and Safari are also supported. It's important to note that Internet Explorer 10 is the minimum required version to successfully view and work within the PFS. Internet Explorer 7, 8, 9, and Opera are not supported.
 - Since Google Chrome updates automatically, the most recent version should be supported.
 - Internet Explorer 10 is the minimum required version to successfully view and work within the Parents' Financial Statement Online. Internet Explorer 7, 8, and 9 are not supported.
 - The most recent version of Mozilla Firefox is supported.
 - Opera is also not supported.
 - Safari is now supported.

- **Choose the Correct Academic Year:** At some points during the year, SSS may have applications open for two academic years. Remember to choose the application for the academic year in which you are applying for financial aid. It's important to note that refunds are not available for applications submitted for the incorrect academic year.

- **How to Return to Your Application at a Later Date:** You do not have to finish your PFS in one sitting. To return to it, from the SSS Website for Families (<https://sssbynais.force.com/familyportal>), login on the right side of the page with the email and password you used to create your account. If you have forgotten your password, click on "Get help signing in."
- **"Save & Next" vs. "Save & Exit" Buttons:** At the bottom of every screen in the PFS Online, you'll see two "save" buttons. If you press "Save & Exit," you will leave the PFS Online. You should press this if you are finishing your session and wish to log out. If you have completed the page and wish to move on to the next, press "Save & Next." Note that if you haven't finished answering all the required questions on that page, you will be prompted to do so. If an answer doesn't apply to you, fill in a zero. Don't leave it blank.
- **The Back Button:** Do NOT use the back button on your Internet browser. Instead, click on the section headers in the menu on the left side of the screen to navigate to earlier sections of the PFS. Data may be lost if you use the browser back button.

Help Along the Way

You'll see Help Tips inline as you move through the application.

STEP TWO: COMPLETE YOUR PFS

Use the section-by-section guide below to complete the PFS fully and accurately. You may not see all questions discussed below as some questions are only displayed based on your answers to previous questions. An application will not be processed until you have completed all required questions online. Note: References to tax form line numbers below and on the online form may vary slightly from the actual line numbers on 2017 tax forms.

Question-by-Question Instructions

Household Information

Parent/Guardian Information

- **Parent/Guardian A and B:** Fill in the biographical and contact information exactly as you do on tax and other official forms. Include an email address, so we can send you a confirmation that we have received your PFS. If either parent has more than one job, please identify.
- **Other Parent:** Complete this section only if the student applicant(s) has another living biological or legal (adoptive) parent that was not listed as Parent/Guardian A or B. Any noncustodial parent or parent with joint custody in separate households should be listed here, but he/she must also complete a separate PFS. Be sure your answers to the remainder of the questions in the PFS only pertain to the parents/guardians *in your household*. Please note that both of these fields are listed with “None” in the field by default. The “None” must be changed to Yes or No prior to saving this section.

Applicant Information

- **Applicant(s):** Enter the biographical information only for students who are applying for financial aid at SSS subscriber schools. Do not include your other dependent children who are not applying for aid, or are applying for aid at non-SSS subscriber schools only.
- **Applicant Lives With:** Select the best response for the current family situation. If the applicant lives with someone other than Parent/Guardian A or B, enter the name(s) of the other parent(s)/guardian(s).

Once the schools have been found and selected, assign them to the correct applicant(s). If a school/organization is not listed, contact the school/organization directly.

STEP TWO: COMPLETE YOUR PFS

Tips to Avoid Common Errors

1. **If you must go backward in the application**, click on the section headers in the menu on the left side of the screen to navigate to earlier sections of the PFS. If you use your Internet browser “back” button at the top of your screen, you may lose information.
2. **Zero counts!** Enter a zero if a question does not apply to you. Do not leave the answer blank.
3. **Whole numbers only.** When entering numbers please use only whole numbers: no decimals or cents. Rounding to the nearest whole number is acceptable.
4. **Offer explanation when requested**, so a school can better understand your answer or situation.
5. **Applicants vs. Dependents.** Questions about “applicants” refer to your children who are applying for financial aid using the PFS you’re completing. Questions about “other dependents” refer to the children (or adults) for whom you provide support who ARE NOT applying for financial aid through SSS and who are NOT a parent or guardian.
6. **Choose the right school.** In the School Selection section, choose the exact school you wish to apply to, in the correct city and state. Many schools have similar names.
7. **Salary vs. profit.** In the Family Income section, if you are a business owner or farm owner, in the questions about “salary,” enter only the amount you draw as salary (for which you received a W2). You will provide information about profit/loss elsewhere in the PFS.
8. **Rent.** In the Family Assets and Debts section, if you rent your residence, enter the total rent you pay for the whole year, not the amount you pay each month.
9. **Use the cover sheet.** While we strongly recommend you upload any required tax documents, if you opt to mail them to SSS instead, use a required documents cover sheet, which you can print from the PFS Online. This allows us to match your documents to your application.
10. **Mail early.** If you opt to mail in additional required documents to SSS, do so at least 10 days before the school deadlines to allow for mail delivery and SSS processing time.

STEP TWO: COMPLETE YOUR PFS

FAQ

What is School and Student Services (SSS)?	SSS is a financial aid services provider. Many private schools use SSS to help them assess a family's ability to pay school costs. SSS helps schools make objective and fair financial aid decisions. The philosophy behind the SSS process is that parents are primarily responsible to finance their child's education to the extent they are able.
What is the Parents' Financial Statement (PFS)?	The PFS is the cornerstone of your financial aid application. When you submit your PFS, you are granting SSS permission to analyze your financial information. We analyze your income, expenses, assets, and debts. Then we estimate the amount you can contribute to school expenses. We send that estimate to the schools you indicate. Schools use that estimate as a starting point to determine financial aid awards. Each school makes its own financial aid decisions, taking into consideration its budget and financial aid policies.
Is my information safe?	Yes. The process we use at SSS to protect your information meets the most rigorous standards. Schools are also encouraged to keep information private and to allow access to as few people as possible.
How long does it take SSS to send my results to schools?	Schools receive immediate notification when your PFS has been submitted.
How much does it cost to submit a PFS?	The price to submit a Parents' Financial Statement (PFS) online for Academic Year 2018-19 is \$49.00.
Can I change the information after I submit the PFS?	Yes. You can submit changes via the PFS Online at https://sssbynais.force.com/familyportal . There is no fee to make a change.
Can I add a school after I submit the PFS?	Yes. There is no fee to add a school.
Can I withdraw my PFS after I submit it?	No. Once you have submitted and paid for your PFS, it cannot be withdrawn from the SSS system and your fee cannot be refunded. If you no longer wish to apply for financial aid, contact your school(s).
Are there any other forms I must complete?	Many schools require that you submit tax forms in addition to the PFS. Check with the school(s) to which you are applying to see what is required, where you should send it, and by what date. This information is often listed on a school's website so you may want to look there before calling the school.
How can I submit tax forms if I haven't completed them yet?	Schools realize that tax forms are not available until January or later and usually set their requirements accordingly. Be aware of each school's <i>specific</i> requirements. For example, a school may ask you to submit a 2016 tax document and then later to submit a 2017 tax return. Or a school may set a later deadline for the submission of the 2017 tax return.
How do I know if SSS has received my mailed-in documents?	You can go to the PFS Online at https://sssbynais.force.com/familyportal to track whether your documents have been received. Please allow 10 days for your documents to be received and processed.
What if I am not the parent of the applicant?	If you are financially responsible for the student, complete the PFS (fill in the section for Parent A) and include a description of your relationship to the child.

STEP TWO: COMPLETE YOUR PFS

What if I am divorced?	SSS considers divorced parents living apart to be separate households, and as such, each parent should complete a separate PFS.
What if I have more than one child?	Using the PFS Online, you can enter application information for all your children who are applying for financial aid using a single application. Do not complete a separate PFS Online for each child.
What if I do not know the exact amount in response to a question?	Enter your best estimate. Enter a zero (0) if no other amount applies. Do NOT leave items blank. Do NOT enter symbols, such as >, <, ~, or N/A, or words such as “none,” or “unknown.” If you estimate, for any question, that your 2018 amounts will differ by \$5,000 or more from amounts for 2017, please be sure to itemize.
If I applied last year, do I have to fill out another PFS?	Yes, you should file a new PFS for every year that you apply for financial aid (using the your same login and password from the prior year). You will be able to transfer some information from the previous year’s application to speed up the process.
Where can I get help?	Call (800) 344-8328 or email sss@nais.org with questions. From outside of the US or Canada dial (952) 967-9922. Call the school directly if your question involves their requirements or awards.
What is Consumer Debt and how is it used in the calculation?	In the “Family Assets & Debts” section,” you are asked to report your credit card debt. Given the variety of types of spending that credit cards can be used for, SSS does not factor this into the calculation of your family contribution. However, schools may use this information in different ways. Enter your total outstanding balances then and use the Other Considerations section to specify the main types of purchases that these cards were used for.
What should I include as “Unusual Expenses”?	In the “Family Expenses” section, you are asked to total your “unusual expenses.” Below the question, click the link to see a list of the types of expenses that should and should not be included.
How do I compress files that are too large to upload?	Some scanners create very large PDF files and the maximum file size that can be uploaded into the PFS Online is 10MB. Fortunately, there are a number of free software tools available to compress these into smaller files. Just Google “compress PDF” for a variety of options.

STEP THREE: PAY FOR & SUBMIT YOUR PFS

Once you complete all sections of the PFS, you will have access to the Pay and Submit section. The fee to submit a PFS online is U.S. \$49.00 and this fee is nonrefundable. This is a flat fee, whether you are applying for aid for one child or several children, and whether your children are applying to one school or several schools. Your PFS and the application results will not be processed and sent to schools until we receive full payment.

Payment Options

In the Pay and Submit section, you may make your secure payment using the following methods:

- Credit or debit card. The charge on your statement will appear as 'FinAid App 800-844-2207.'
- Direct debit from your checking or savings account.

PFS Payment: Select Payment Method

Credit/Debit Card - We accept Visa, Mastercard, Discover, and American Express

Electronic check - To pay by check, select this option and input your bank routing and account number on the next screen.

Once you have successfully submitted and paid for your PFS, you will receive email confirmation from SSS. Your information will be immediately available to schools. **Once submitted, your PFS cannot be withdrawn and your fee cannot be refunded.**
