

## PATHFINDER Computer/Electronic Agreement

I, \_\_\_\_\_, understand the following computer rules apply to me anytime I am on a Pathfinder computer.

### INTERNET

- No downloading of any files, applications or material unless granted permission from a teacher.
- No printing off a page from the Internet unless granted permission from a teacher.
- Internet access at Pathfinder is for educational research only. It is not for TV show updates, hobbies, Justin Bieber, MySpace, eBay, Instant Messaging, etc.
- Facebook and all other social media sites are off limits in school. For that matter, take note of this excerpt from Facebook's policy page:  
*If you are under age 13, please do not attempt to register for Facebook or provide any personal information about yourself to us. If we learn that we have collected personal information from a child under age 13, we will delete that information as quickly as possible.*

### COMPUTER

- No screen savers – you may change your background with appropriate material only.
- Do not change Lab 1 library account backgrounds.
- No changing cursors.
- You may not go into the control panel at anytime for any reason.
- Seek permission before printing – black and white or color.
- Do not use a computer that is logged on with someone else's name.
- Always log off your computer when you are finished.
- You may play educational games already on the computer – not on the Internet – with permission of a teacher.

### ELECTRONICS

- **No cell phones.** If it is decided, in consultation with your family and the Head of School, that a cell phone is needed for communication within your family, the phone must be kept in the family mailbox. A confiscated phone goes home until the Head of School approves its return; violations are subject to a year-long ban.
- **No iPods, iPads, Mp3 players, or other portable players** unless approved by your teacher for educational purposes.

**By signing below I acknowledge that I have read this document and understand the rules as stated.**
